PRODUCT DESCRIPTION

Designer: Bertjan Pot

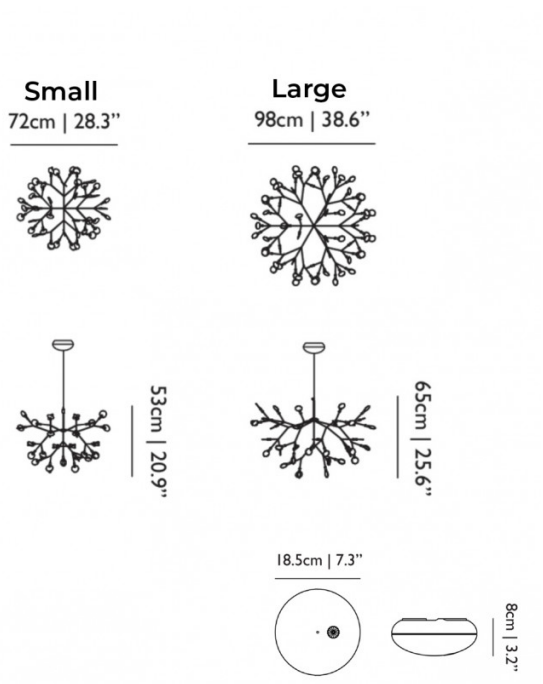

Moooi Heracleum III LED Suspension

The Moooi Heracleum III by Bertjan Pot was inspired by the Heracleum plant, also known as hogweed and cow parsnip. The suspension's branching arms with clusters of LEDs mirror the plant's clusters of petals, giving the light an organic aesthetic. The integrated LEDs at the end of each stem emit a captivating glow, bathing the surrounding area in warm and atmospheric lighting.

Each stem is created by using the technique of coating conductive layers. The leaf-shaped lenses are powered with Electrosandwich® technology by Marcel Wanders Studio. The petals can be adjusted, allowing users to rotate the LEDs as desired. These carefully considered details radiate elegance and innovation, making the Heracleum III as decorative as it is functional. The Moooi Heracleum III is available in two sizes, small and large, making the chandelier accessible for a wide range of spaces. Available in white, copper, or nickel, the Heracleum III is perfect for adding ambient lighting to a dining room or bedroom.

PRODUCT SPECIFICATION

Light Source:	**Small**: 16W, 2600K, 1180 Lumens **Large**: 21W, 2600K, 1687 Lumens
IP Code:	20
Dimming:	Dimmable via Dali or Push to make dimming systems or via the Moooi Wireless Wall Switch (wall switch available to purchase separately upon request). Please consult your electrician, additional wiring may be required on-site.
Dimensions:	**Small**: Ø72cm Height: 53cm **Large**: Ø98cm Height: 65cm Ceiling Canopy: Ø18.5cm Cable Length: 400cm
