PRODUCT DESCRIPTION

Designer: Jens Fager

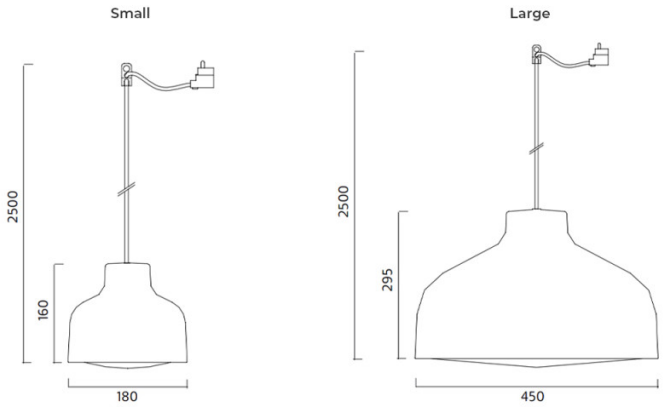

Zero Lens Pendant

Designed by Jens Fager, the Zero Lens Pendant Light brings together Scandinavian simplicity and functional elegance. With its painted aluminium body and matt acrylic diffuser, the design emits a soft, evenly diffused light suited to both residential and commercial interiors. Its minimalist form adapts to a range of spaces, whether used as a single statement or in grouped configurations for greater visual impact.

Available in two sizes, the larger pendant has a 45cm diameter shade that creates a bold yet balanced presence, ideal for dining tables or open-plan areas, while the smaller 18cm version is compact enough for kitchens, hallways, or workspace lighting. Both sizes come in black or white as standard, with custom RAL colours available upon request. Optional dimmable versions with integrated LED offer added flexibility for achieving the desired ambience.
