PRODUCT DESCRIPTION

Designer: Front

Zero Camouflage LED Outdoor Pendant

Designed for outdoor environments, the Zero Camouflage Outdoor Pendant takes the industrial aesthetic of the original indoor versions and adapts it for exterior spaces. Made from raw laser-cut aluminium, its unpolished surface embraces an authentic, weathered appearance, with visible scratches and marks that add to its character.

This IP-rated outdoor pendant is built to withstand the elements while delivering a soft, ambient glow through its intricate cut-out design. Available with a 10W integrated LED module (745LM, 3000K) or an E27 socket for flexibility in bulb selection. It is suspended by a 3m rubber cable, making it ideal for garden terraces, exterior seating areas, and architectural facades.
