## Tom Dixon Etch Pendant

A geodesic design of refined taste, the Etch pendant was inspired by mathematics while its design resembles the old Victorian tin toys. The thin metal surface is digitally acid-etched and lightly perforated to allow for light to escape, creating a tangled set of shadows.

You can create your own cluster of Etch pendants, using various finish options and/or sizes as the Etch is also available in a larger version, Etch 50 cm - Brass.

Please note, that to dim the lamp you need to install a dimmable bulb.
