PRODUCT DESCRIPTION

Tom Dixon Felt Floor Lamp

The Tom Dixon Felt shade employs a technique known as fabric-forming, a process rarely used in lighting and furniture design. The Felt shade that sits on a sculptural tripod stand with slim steel legs. Tom Dixon's Felt light is created by heat pressing a double layer of material which is then sculpted into an asymmetric shape. The shade has either a tactile grey exterior and white interior or an all-white finish.

The textured felt shade is designed to add warmth to any space and soften the most minimal/contemporary interiors. The shade acts as a downlight, creating ambience and suitable for reading,

Clear cable finish
