PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

fLOS Superarchimoon Outdoor Floor Lamp

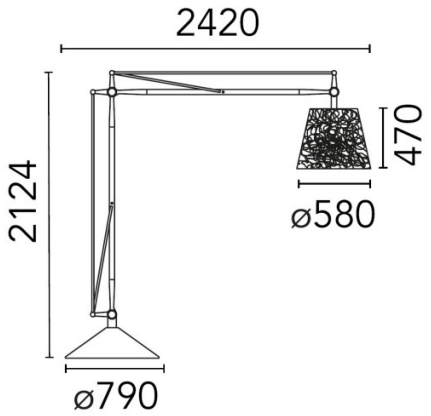

The outdoor version of the Superarchimoon is an impressively proportioned floor lamp perfect for lighting large spaces. The Superarchimoon Outdoor Floor Lamp was designed by Philippe Starck in 2000 for Flos, and features two styles of diffuser, which are created using weaves of coloured PVC tubes with polyester painted phospho-chromated aluminium tubular internal frame.

Hardened for outdoor use, the Superarchimoon Floor Lamp provides a direct yet diffused glow, thanks to its inner diffuser made from injection-moulded opal polycarbonate, and works fantastically in large spaces both in residential and commercial settings. This luminaire also has a "conduit box" for outdoor applications (this box is normally used by the installer for electrical wiring) and has an IP rating of 55.

The Superarchimoon Outdoor Floor Lamp is also available as an **indoor version** with a plissé cloth external diffuser.

PRODUCT SPECIFICATION

Light Source:	1 x Max 21W E27 LED (Excluded)
IP Code:	65
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade: Ø58cm Shade Height: 47cm Length: 242cm Full Height: 212.4cm Base: Ø79cm Cable Length: 1000cm
