Gubi Pedrera ABC Table Lamp

The Gubi Pedrera ABC Table Lamp is a compact yet impactful tribute to Barba Corsini's original designs for La Pedrera. Created in collaboration with Joaquim Ruiz Millet, this table lamp transforms the essence of Corsini's PD2 Floor Lamp into a sleek, modern format perfect for desks, side tables, and smaller spaces.

Inspired by the perforated chimneys of Gaudí's architectural masterpiece, the cylindrical shade emits a warm, diffused light, enhanced by an inner opal diffuser. Available in understated finishes, the ABC Table Lamp balances functional lighting with sculptural aesthetics, fitting seamlessly into both modern and classic interiors.

This lamp encapsulates Corsini's philosophy of "powerful simplicity," making it a refined addition to any setting. Whether used as a statement piece or for subtle accent lighting, the Pedrera ABC Table Lamp bridges the gap between art and functionality.
