Gubi Pedrera ANA Pendant Light

The Gubi Pedrera ANA Pendant celebrates the union of architecture and design. Inspired by Barba Corsini's 1955 PD2 Floor Lamp, created for Gaudí's La Pedrera in Barcelona, this pendant light transforms the iconic perforated cylindrical form into a striking ceiling feature. Joaquim Ruiz Millet collaborated with Corsini to revive this timeless design, bringing it into the modern era.

Perfect for dining areas, hallways, or as part of a dynamic cluster, the ANA Pendant casts a soft, even glow through its opal diffuser. The clean lines and industrial inspiration make it a versatile choice for both contemporary and traditional interiors, while its unique silhouette adds a sense of artistry to any space.

Whether used alone or in multiples, the ANA Pendant blends historical significance with modern craftsmanship, creating a lighting solution that is as functional as it is decorative.
