PRODUCT DESCRIPTION

Designer: Bonderup & Thorup

Gubi Semi Pendant Light

The Semi Pendant by Gubi is an enduring design classic, conceived by Danish architects Claus Bonderup and Torsten Thorup in 1968. Rejecting the organic, soft forms of the era, the duo created a bold, geometric light with sharp lines and a gracefully flared shade. This innovative design has earned worldwide acclaim, blending minimalist sophistication with practical functionality for a variety of interiors.

Perfectly suited for dining areas, meeting rooms, and statement spaces, the Semi Pendant casts a broad, glare-free light that creates a warm and inviting atmosphere. The lamp is available in four sizes and an array of finishes, including sleek matt black and white, as well as glossy tones that add a touch of luxury. Its versatility allows it to complement contemporary, industrial, and even more traditional settings, making it a timeless choice for homes and professional spaces. Use it as a standalone feature or cluster multiple pendants for a striking, layered lighting effect.

PRODUCT SPECIFICATION

Light Source: **Small:** 1 x Max 6W E14 LED (Excluded)
Medium: 1 x Max 10W E27 LED (Excluded)
Large: 1 x Max 10W E27 LED (Excluded)
Extra Large: 1 x Max 10W E27 LED (Excluded)
