PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

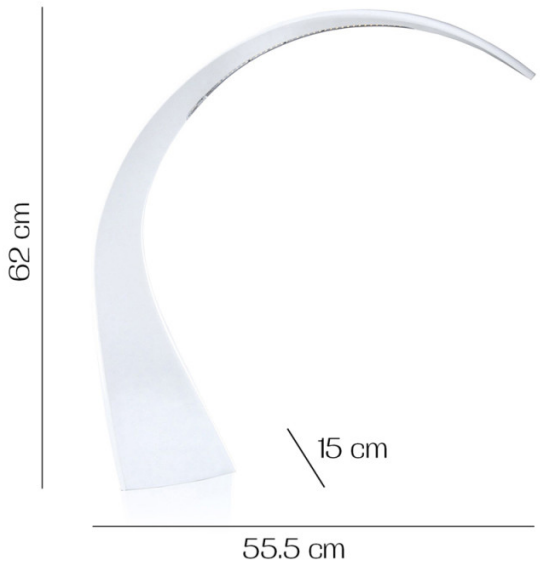

Kartell Taj Table Lamp

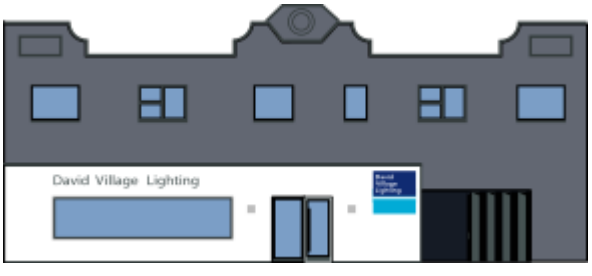

The Taj Table Lamp is a luminous sculpture and is the work of Ferruccio Laviani for Kartell. An ideal piece for your desk as a contemporary task light, the design deviates from traditional table lamps, with a simple arch shape, sophisticated like a refined sculpture. The Kartell Taj Table Lamp is the new step into contemporary designer lighting.

Taj is as beautiful on as it is when switched off, a strong presence in the room. LED technology complements the table lamp by optimising and minimising the light source and providing a functional glare-free downlight. A product entirely made with Kartell's unique know-how, to meet the challenges of the modern industry. The Kartell Taj Table Lamp is available in glossy black, glossy white and crystal. There is also a mini version, the **Taj Mini** .

PRODUCT SPECIFICATION

Light Source:	4.8W, 2700K
IP Code:	20
