SANTA & COLE

The superimposed shades of Moaré cause an optical effect of asymmetric waters, known as the Moiré effect. Originally designed in 2003 new formats, supports, colours and sizes have been added, so the current SERIE MOARÉ deploys numerous combinations to satisfy very different applications: from large public spaces to the more domestic uses.

This product includes the medium lampshade only. The following variations of the lamp are available:

- Medium shade, containing small shade
- Large shade only
- Large shade, containing medium shade
- Extra large shade only
- Extra large shade, containing medium shade
- Extra large shade, containing large shade

Large, medium and small lampshades are available in white, grey, red and black. The small shade is available in white, grey and red. Please contact us for more information and prices on the above items.

Metallic matt square graphite ceiling rosette included.

Lampshades are polyester.

Designer: Antoni Arola

Lamp type:

Halogen Energy Saver

77watt 240v

E27

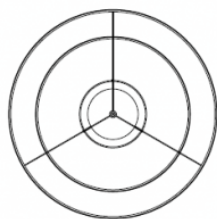

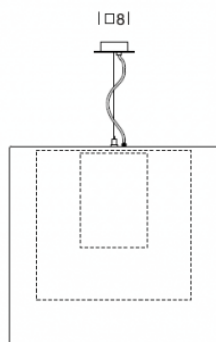

Dimming: Dimmable via mains phase dimming.
