Pirce Ceiling Mini Suspension by Artemide

This sculptural and contemporary design by Giuseppe Maurizio Scutellà for Artemide is the mini suspension version of the Pirce light, an extension to the existing Pirce range. Opening out of a slim disk are fluttering spirals, which fall gently downwards, creating magical effects of form and light in flowing twirls.

In the Pirce Mini Suspension the lamp itself is placed in the lower dish of the light casting illumination upwards to give indirect light emission making this light by Artemide not only a special light source but also a unique piece of ceiling art. Pirce Mini Suspension is a smaller version of Artemide's original Pirce Suspension light. Its more compact size makes it ideal for smaller spaces in residential or commercial settings alike.
