PRODUCT DESCRIPTION

Designer: Verner Panton

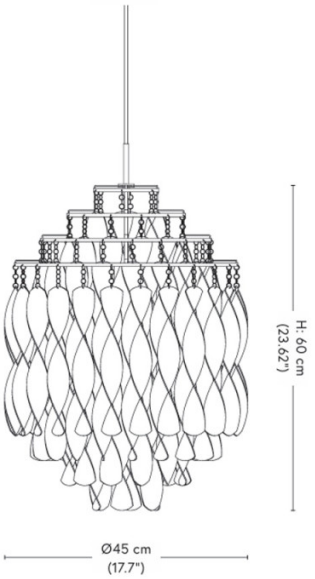

Verpan Spiral SP01 Pendant

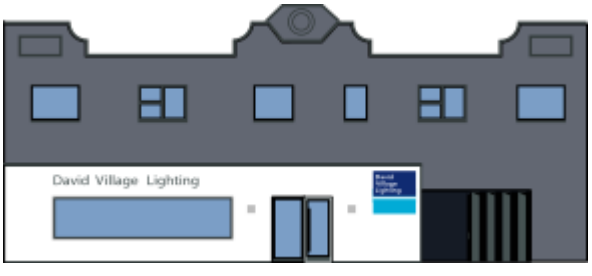

The Verpan Spiral SP01 Pendant is a striking statement light that combines sculptural form with timeless Danish design. Designed by Verner Panton in 1969, it features silver-plated spirals suspended from a four-ring metal frame. The hanging spirals create movement and visual depth. When gently moved, the spirals produce a soft chime, adding a sensory element to the SP01's sculptural presence.

When switched on, the Spiral SP01 creates a warm, atmospheric ambience. The pendant's twisted shapes diffuse and reflect light for a captivating play of light and shadow while concealing the light source for a comfortable, glare-free glow. Balancing sculptural expression, movement, and sensory elements, the Spiral SP01 embodies Panton's approach to design in a distinctive piece that is as decorative as it is functional.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø45cm Height: 60cm Cable Length: 400cm
