PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Wire Table Lamp

The Verpan Wire Table Lamp combines a simple geometric silhouette with a distinctive sculptural presence. Designed by Verner Panton, the lamp features a delicate-looking wire frame that widens to support a white plastic shade. The open structure avoids causing a visual block, giving the Wire its lightweight aesthetic. When illuminated, the wire frame allows light to spread into the surrounding space while an integrated metal reflector guides light to the interior of the shade to produce a diffused, glare-free glow.

Combining sculptural appeal with functional lighting, the Wire Table Lamp suits a wide range of settings, including office desks, bedside tables, reading nooks, and living areas. The Wire adds character without overwhelming interiors, suiting contemporary residential and commercial environments. Display with the **Wire Floor Lamp** for a cohesive theme that offers a soft yet industrial aesthetic.

PRODUCT SPECIFICATION

Light Source:	1 x Max 60W E27 (Excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Ø40cm Height: 54cm Cable Length: 220cm
