PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan VP Globe Glass Pendant

The Verpan VP Globe Glass is arguably one of Verner Panton's most recognisable lamps, with the stunning sculptural design and delicate opal glass, this ceiling lamp is as strikingly inventive now as it was 50 years ago. This iconic design is available in two different sizes, Ø40cm and Ø50cm, meaning that the VP Globe Glass pendant can perfectly fit into any space. Ideal for a home, a dining space or hospitality venue, the generous outpouring of light that is provided by the lamp can bring a playful light to any space.

The opal white glass within the transparent plastic globe is delicately arranged so that the light is reflected outward through the globe to create a futuristic design. Panton's ambition was to design a lamp that could catch the eye and unite a room, regardless of whether it hung alone or in clusters.

PRODUCT SPECIFICATION

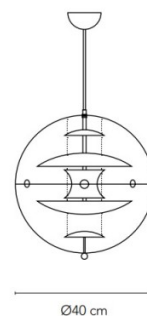

Light Source: Ø40cm: 1 x max 60W E14
Ø50cm: 1 x max 60W E27
(excluded)
