PRODUCT DESCRIPTION

Designer: Achille Castiglioni & Pier Giacomo Castiglioni

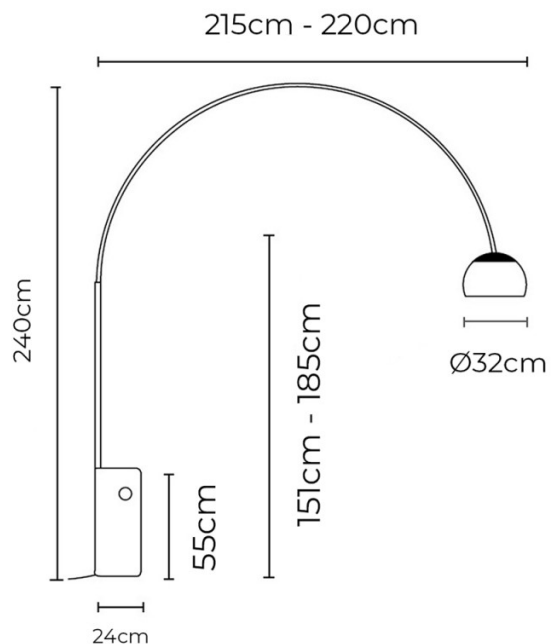

Flos Arco LED Floor Lamp

The LED version of the [Flos Arco floor lamp](#), the Arco LED floor lamp, was designed by Achille and Pier Giacomo Castiglioni in 1962. A classic and instant icon from Flos, this floor lamp is distinguished by its White Carrara marble base and contrasting metal structure and shade. Getting its name from its shape, the arm arches over with the lovely aluminium shade hanging beautifully on the end. The lampshade emits a direct light, which is perfect for use as a reading or task light.

The Arco LED floor light comes with a 2-step dimmer switch on the cable so you can also create the exact ambience you want in the room. The included LED light source also makes it energy-saving and environmentally friendly, so you can have a stylish and contemporary lamp that is also eco-conscious. This floor lamp is chic and modern and will look good in many spaces, including lounges, dining rooms and offices in both domestic and commercial settings. This floor light will add a vintage yet innovative finish to the room and will always impress.
