PRODUCT DESCRIPTION

Designer: Alberto Saggia & Valerio Sommella

Fabbian Lumi Sfera Suspension

Designed by Alberto Saggia & Valerio Sommella, the Fabbian Lumi Sfera Suspension boasts a diffuser in satin-finish white blown glass with a supporting structure made of metal and painted white. The Fabbian Lumi Sfera Suspension harnesses a spherical diffuser, aiming to avoid the typical 'bulb shape' of most modern lights. This pendant is available in two sizes, with both options providing an expertly diffused but even dispersion of light.

This elegant lighting solution can be displayed individually or in clusters for larger interiors, combining both sizes to create a unique installation. The Lumi Sfera Suspension is a beautiful addition to bedrooms, kitchens, entryways and stairwells. It can also enhance commercial interiors such as hotel lobbies, restaurants, bars, galleries and shops.
