Big Bloom Pendant by Kartell

The most recent arrival in the Bloom lamp family characterised by a frame composed of little single flowers made of transparent or coloured polycarbonate is an extra-large version with an elliptical shape. The extra large Bloom pendant is great for both private and public spaces.

Big Bloom is perfect for both the home and public environments for a touch of elegance and dazzle. The colours available include crystal, white, lavender (multi-colour in shades of lilac, pale blue and pale green) and mint (multi-colour in shade of pale green, dark green and pale blue).

The Big Bloom creates a strong presence on its own, but can be combined with other Bloom pendants to create your own floral cluster. The Bloom collection also includes a Bloom ceiling, Bloom ceiling/wall and 2 more pendant lights, an elliptical or tubular one.

This product requires on site assembly.
