## PRODUCT DESCRIPTION

**Designer:** Centrelight

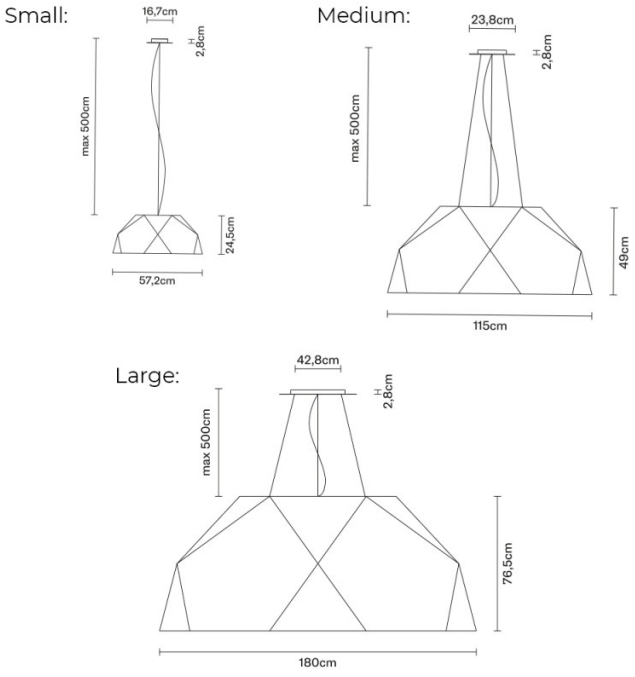

### Centrelight Creeo Pendant

The Centrelight Creeo Pendant is an abstract downlighting solution, available in either a white or natural wood foil finish, as well as in three sizes. The hemispherical shade utilises a geometric silhouette, combining sharp lines with a curved form and functional glow. Each version of the Creeo Pendant Light is fitted with a polymethylmethacrylate diffuser, ensuring a glare-free illumination that can suit a variety of settings.

The various sizes allow the Centrelight Creeo to adapt to both residential and commercial interiors, and can be displayed independently or alongside others in the collection, combining sizes and even finishes for a more dramatic installation.
