PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Gea Pendant

The a-emotional light Gea pendant, inspired by the mythical goddess of Earth, is a tribute to the feminine figure. An organic-looking stainless steel mesh covers the shade like a veil. Arturo Alvarez is an award-winning Spanish designer who not only created **The Gea Collection** but also SIMETECH®, the steel and silicone mesh that the pendant is made from. SIMETECH® is easy to fold, mould, and cut, allowing for creative freedom in design. It is also durable and easy to clean with a damp cloth.

The light from within the shade is diffused, creating a warm and ambient glow. It provides direct downward lighting, making this pendant ideal above surfaces in the home such as a dining room table. The Gea Pendant is elegant and sleek and fits in seamlessly with a range of decors. Each pendant is handmade in Spain, meaning there are slight variations in the curves from piece to piece, which ensures you have a truly unique item.
