PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Nevo Suspension

The Nevo Pendant was designed by Spanish designer Alturo Alvarez. It is manufactured using SIMETECH®, which is a stainless steel and silicone mesh designed by Alvarez. The Nevo is an excellent showcase of how the malleable steel mesh can be transformed into a stunning piece. It offers freedom of design as it can be folded, moulded, and cut into organic-looking, durable shapes. Each Nevo pendant is handmade, and each curve and fold of the shade is unique, making it a one-of-a-kind piece.

Alvarez often draws inspiration from nature for his work, which is reflected in the aesthetic of the Nevo Pendant. The structure appears organic due to the way the light escapes from the shade, illuminating some parts while casting others into shadow and projecting unique patterns onto surrounding walls. Available in 3 sizes, it can fit seamlessly into a range of spaces, either domestic or commercial. Within the home, the Nevo Pendant is perfect for creating soft, ambient lighting in the bedroom or lounge areas.
