PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Nevo Table Lamp

The Nevo Table Lamp is created by Spanish designer Arturo Alvarez. Alvarez often draws inspiration from nature while exploring simple, geometric forms. This is reflected in the aesthetic of the Nevo Table Lamp. The rose-like shade is designed to feel alive. The lamp appears organic due to the way the light escapes from the shade, illuminating some parts while casting others into shadow and illuminating surrounding walls in unique patterns.

The Nevo table lamp is handmade in Spain, meaning they vary slightly from piece to piece. It is manufactured using SIMETECH®, a stainless steel and silicone mesh that allows the shade to be folded moulded, and cut into natural-looking yet durable shapes. It is available in two sizes, which gives flexibility in placement. The Nevo Table Lamp is ideal for a range of spaces, and the soft glow from the lamp makes it perfect for creating ambient lighting on a bedside table.
