PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Nevo Wall Light

The a-emotional light Nevo Wall is designed by Arturo Alvarez. The rose-like structure is manufactured from SIMETECH®, a stainless steel and silicone mesh created by Alvarez. SIMETECH® allows steel to be malleable, giving the freedom to fold the mesh into a variety of organic-looking shapes. Each Nevo wall light is handmade, so the folds and curves of the shade are one of a kind, and the shadows which it casts against the surrounding walls are truly unique to you.

The Nevo wall light is available in two sizes which can be installed individually or as multiples, allowing them to fit in seamlessly with a variety of decors and styles. The Nevo wall light is perfect for illuminating hallways or for providing ambient lighting in a bedroom or lounge area. The wall light is part of **The Nevo Collection** which includes a pendant and table lamp.
