PRODUCT DESCRIPTION

Designer: Matteo Thun

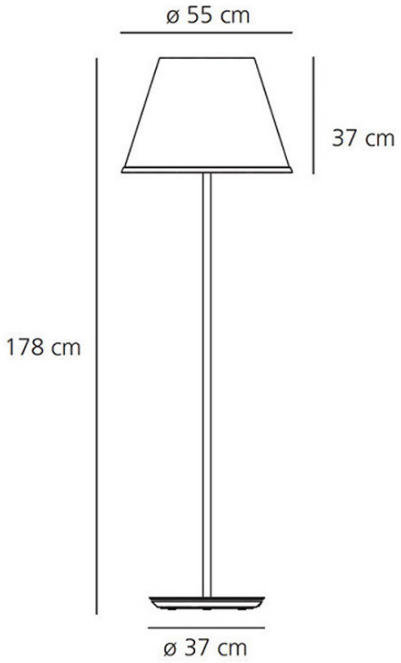

Artemide Choose Mega Floor Lamp

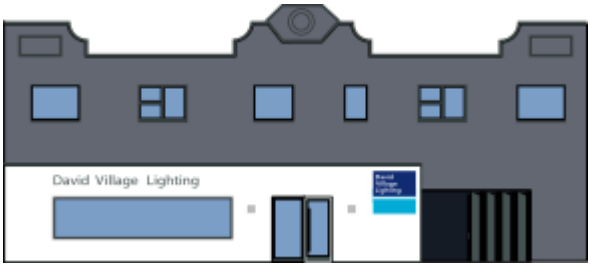

A larger version of the Choose Floor Lamp, the Choose Mega lamp was also designed by Mattheo Thun for Artemide. Choose is a modern take on the traditional abat-jour, and the classic floor lamp features a transparent polycarbonate diffuser fitted with either a parchment or white paper insert and a chrome or anthracite grey base and stem.

The Artemide Choose Mega Floor Lamp allows for a soft, indirect, and diffused light that is evenly emitted into the space as well as gently being projected down onto the floor below. Choose Mega has a double light emission, each controlled independently via the on/off switches on the cord, an upwards light from the top of the lamp and a downlight via three light bulbs. This floor lamp is excellent as a reading companion as well as in living rooms, dining rooms and bedrooms.
