PRODUCT DESCRIPTION

Designer: Antoni Arola

BlancoWhite R3 by Santa & Cole

BlancoWhite R3 was designed by Antoni Arola for Santa & Cole and won the Red Dot Design award in 2012. The lamp utilised a smart LED plate (via dot cutting system) and a streamlined design to create an eternally imperceptible, homogeneous light beam. BlancoWhite R3 has an elongated, rectangular body that is merely a centimetre thick; enough to house the LED plate that have small incisions whose concavity increase as they move further away from the source. The lamp is meant to be used as tabletop bookcase or lighting shelves; the perfect lighting companion for your desk or office, or atop any surface.

Utilising one of the essential shapes, the rectangular BlancoWhite R3 lamp has been praised for its usability in our everyday lives. The lamp will accentuate any objects and accompany your conversations with friends or colleagues. The lamp is available in two matte finish options, white or graphite. A dimmer is located at the base of the lamp, easily allowing you to turn on/off or adjust the light's brightness.

Browse through the [BlancoWhite collection](#), which includes the C1 table lamp, a square and equally minimalist design, and three suspension lights to choose from.

PRODUCT SPECIFICATION

Light Source: 24W, 3000K, 864 lumens

IP Code: 20

Dimming: Integrated dimmer included on product.

Dimensions: 83 cm length
16 cm width
20 cm height
250 cm cable length
