PRODUCT DESCRIPTION

Designer: Santa & Cole Team

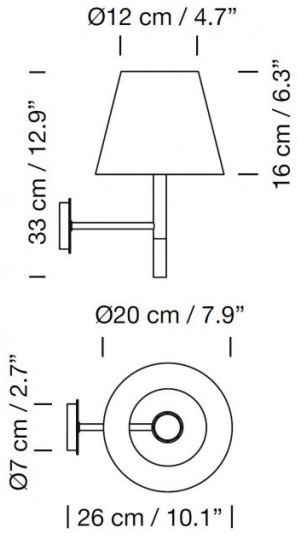

Santa & Cole BC2 Wall Light

The BC2 wall light, part of the BC light collection, was designed by the Santa & Cole design team in 1995. This wall lamp embodies quality and sturdiness, having a simple yet effective aesthetic that is universal. The BC2 wall lamp has a fixed arm, with a satin nickel structure and beech wood detail, and hard-wires into to the wall, similar to the BC3 and contrary to the BC1 that comes with a 3.5m cable and plug.

All of the BC lights have various lampshades to choose from: either a ribbon shade in natural, red-amber, black, or a stitched beige parchment shade. A light guaranteed to match any interior, with a unique look and stylish finish. Perfect for bedside lighting, in hallways or receptions, the BC2 wall lamp is an excellent choice for residential and commercial projects.
