PRODUCT DESCRIPTION

Designer: Brian Rasmussen

ModoLuce Icaro Mega Suspension

The ModoLuce Icaro Mega Suspension is a striking pendant light that merges industrial design with sculptural elegance. Featuring a distinctive metal structure made from black matte steel wires with a central fabric diffuser, the Icaro evokes a sense of weightless flight, inspired by the wings of its namesake. This minimalist yet impactful design is brought to life by the warm, even glow of its light, delicately diffused to create a soothing atmosphere.

Ideal for both residential and commercial settings, the Icaro Mega Suspension is a perfect centrepiece for modern interiors, enhancing spaces such as dining areas, living rooms, or high-ceilinged foyers. Its bold aesthetic and large range of colour choices pairs seamlessly with industrial or contemporary décor. For added versatility, an outdoor version with an IP65 rating is available upon request, allowing the Icaro Mega Suspension to illuminate patios or exterior spaces with the same dramatic flair.
