## PRODUCT DESCRIPTION

**Designer:** Matteo Thun

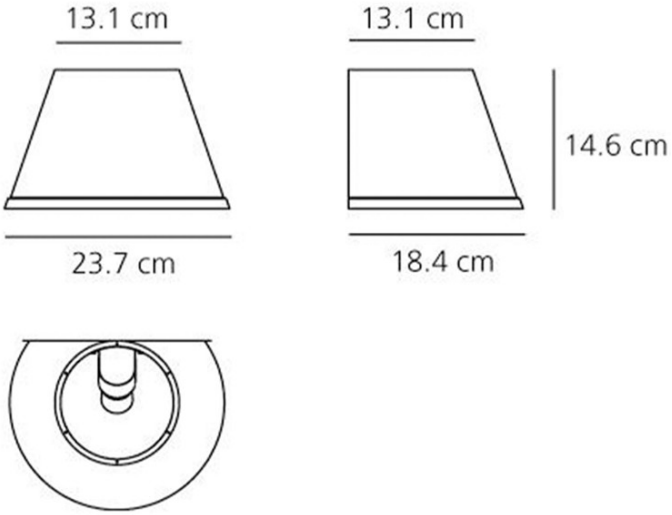

### Artemide Choose Wall Light

The Artemide Choose Wall Lamp was designed by Matteo Thun and is a modern take on the classic abat-jour. This classic wall light utilises a transparent polycarbonate diffuser with either a parchment or white paper insert, both of which give off a different lighting effect, with the parchment offering a warmer ambience and the white focusing on a more functional illumination. The inner light source produces a direct and diffused light and is dimmable via mains phase dimming when used in conjunction with a dimmable light source.

The Choose Wall Light is a stylish choice for hallways, bedrooms, dining areas and larger interiors in the commercial sector, especially hotels and restaurants. The Choose range also includes a floor lamp, mega floor lamp, pendant light and table lamp.
