PRODUCT DESCRIPTION

Designer: Davide Groppi

Davide Groppi Sampei LED Floor Lamp

Davide Groppi Sampei LED Floor Lamp is a range of tall floor lights that was designed in 2011. The small shade of the lamp, which houses the LED light source, is suspended high above, on a slender arching rod, providing overhead downward light. Sampei Floor Light makes a statement by itself but is also ideal for placing in pairs for additional impact. Made from a metal and fibreglass structure, Sampei is available in a matte black or white finish.

Whether featured in residential or commercial establishments, the Sampei LED Floor Lamp's refined design and high-end finish allow it to stand out and add a touch of elegance to any interior. Sampei LED Floor Lamp can serve both as task lighting and to create a comfortable atmosphere wherever it is positioned, making it both decorative and functional.

Please note: Larger sizes of the Sampei Floor Lamp are available, please contact us for more information.
