Foscarini Rituals Table Lamp

Offering a collection of three diffuser shapes in hand-blown glass and with diameters of 20cm, 24cm and 34 m, the Foscarini Rituals Table Lamp is one of the most popular designs in the range. This lighting solution is made through a glass-blowing procedure without turning the glass, the striped effect is achieved using a mould with negative decorations which are repeated across the surface of the glass.

The Rituals Table Lamp is reminiscent of a beehive, with an elegant white finish. The stained glass shade sits atop a three-legged brown metal stand, whilst the inner light source is diffused through the shade and projects a soft ambience to any room and can be used in a lounge, living room or study to add both illumination and atmosphere. This table lamp also offers either a non-dimmable or dimmable option, depending on whether you wish to personalise the lighting output.

PRODUCT SPECIFICATION
