PRODUCT DESCRIPTION

Designer: Diego Fortunato

Vibia Jazz 1333 Table Lamp

The Jazz Table Lamp was designed by Diego Fortunato, exclusively for Vibia. The table lamp is characterised by a rounded, organic silhouette, emulating the shapes often seen in nature. The large lampshade sits atop a narrowing stem, creating an alluring aesthetic that situates beautifully in any space.

Available in a white finish, the Jazz 1333 table lamp produces a diffused glow that shines upwards and downwards out of the lampshade. The table light is best used in lounges, bedrooms, reception areas and hospitality venues for a warm and atmospheric glow. Also match with other lights from the [Vibia Jazz collection](#) for a consistent light scheme throughout your interior.
