Vibia Skan LED Floor Lamp

Designed by Lievore, Altherr, Molina, the Vibia Skan Floor Lamp features three LED light sources fitted into a contemporary silhouette. This LED floor lamp boasts a tripod base that extends into three lamp heads, the LEDs sit atop the circular head and project an indirect uplight to the surrounding area. This indirect illumination is perfect for brightening corridor areas or living room corners loaning a warm and comfortable lighting effect. Thanks to the dimmer which is fitted into the cable, the Vibia Skan Floor Lamp can be easily dimmed and allows you to personalise the ambience of your room with little effort.

Skan is a return to the essential, combining basic shapes and pure lines. with the use of a neutral colour palette with enough choices to suit a range of interiors and personal styles.
