PRODUCT DESCRIPTION

Designer: Giuseppe Maurizio Scutella

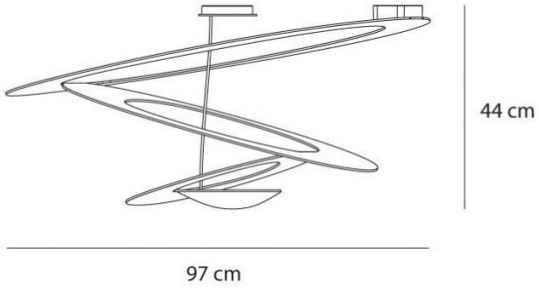

Artemide Pirce LED Ceiling Light

The Pirce LED Ceiling Light is part of Artemide's popular **Pirce Collection**, which designer Giuseppe Maurizio Scutellà describes as a melting pot of his passion. The twisting and bending silhouette blends sculptural art with functional lighting. Scutellà wanted to give his audience many points of view, so he incorporated flowing shapes which would appear completely different depending on the angle from which the Pirce is viewed.

When illuminated, the Pirce LED Ceiling reflects and refracts light to create sculptural light effects, while the aluminium discs conceal the light source for a comfortable, glare-free glow. The integrated LED offers an eco-friendly and energy-efficient lighting solution. Install the Pirce LED Ceiling Light in rows to run the length of a long table or hallway. In commercial spaces, the Pirce LED Ceiling Light creates a welcoming atmosphere that suits hospitality settings such as a hotel lobby or contemporary restaurant.

PRODUCT SPECIFICATION

Light Source:	44W, 3000K, 3313 Lumens or 44W, 2700K, 3097 Lumens
IP Code:	20
Dimming:	Push to make/switch dimming, dimmable using push-to-make switches. Please consult your electrician; additional wiring may be required on-site.
Dimensions:	Width: 97cm Height: 44cm
