PRODUCT DESCRIPTION

Designer: Giuseppe Maurizio Scutella

Pirce Ceiling Light (LED) by Artemide

Designed by Giuseppe Maurizio Scutellà in 2008 for Artemide, this is the ceiling version of Pirce light, an extension to the existing Pirce range. Opening out of a slim disk are fluttering spirals, which fall gently downwards, creating magical effects of form and light in flowing twirls.

In the Pirce Ceiling Light the lamp itself is placed in the lower dish of the light casting illumination upwards to give indirect light emission making this light by Artemide not only a special light source but also a unique piece of ceiling art

The Artemide Pirce Light is now available with incorporated LEDs in this updated version along with the choice of 3 colours; black, white or gold.

See the rest of Artemide's [Pirce Collection](#).

PRODUCT SPECIFICATION
