## PRODUCT DESCRIPTION

**Designer:** Matali Crasset

### Fabbian Stick Pendant

Designed by Matali Crasset, the Fabbian Stick Pendant is a modern lighting solution that features a natural shade crafted from Ayous wood - the shape of which is inspired by that of a pair of pliers: two bent elements stretched by a central support. The shade offers you the choice between two shapes, either a smooth cylinder shade or a more dramatic conical shade, depending on your needs. The Stick Pendant also utilises a sleek metal ceiling canopy and suspension kit, adding a touch of elegance to the design.

The drop height of the Stick Pendant is easily adjustable upon installation, from 15cm to 200cm, allowing it to adapt to numerous interiors. This raw luminaire is a beautiful addition to living rooms, kitchens and dining spaces as well as interiors in the hospitality and wellness sectors.
