Gubi Ronde Pendant Light

The Gubi Ronde Pendant Light is a striking design by Oliver Schick, blending 1970s nostalgia with contemporary minimalism. Its bell-like silhouette and smooth, curved lines make it a versatile lighting option for both residential and professional interiors. The pendant's unique overhanging collar, inspired by amphora jars, adds an industrial yet friendly charm to the design.

Crafted from hand-spun aluminium and finished with an ultra-matt lacquer, the Ronde Pendant has the appearance of delicate ceramics while maintaining the durability of metal. The directional light creates a focused glow, ideal for dining tables or kitchen islands, while the top opening softly illuminates the surrounding ceiling, adding depth and warmth to any space.

Available in two sizes and several muted colours, the Ronde Pendant can be displayed individually or grouped for a dynamic lighting feature. This timeless piece encapsulates elegance, practicality, and the artistry of modern design.
