PRODUCT DESCRIPTION

Designer: Greta M. Grossman

Gubi Grashoppa Pendant Light

Inspired by Greta M. Grossman's 1947 designs, the Gräshoppa Pendant Light brings a refined touch to dining and kitchen spaces. Its sleek, steel conical shade with a textured finish is paired with polished brass fittings, creating a subtle yet striking interplay of materials. The long suspension cord makes it suitable for use in a variety of ceiling heights, and its downward-directed light provides functional yet atmospheric illumination.

This pendant works beautifully as a single feature above a dining table or in a cluster over a kitchen island. The four available finishes, including Dusty Blue and Alabaster White, allow for seamless integration into both modern and retro-inspired interiors. Whether used in residential or commercial settings, the Gräshoppa Pendant adds a sophisticated focal point to any space.
