PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

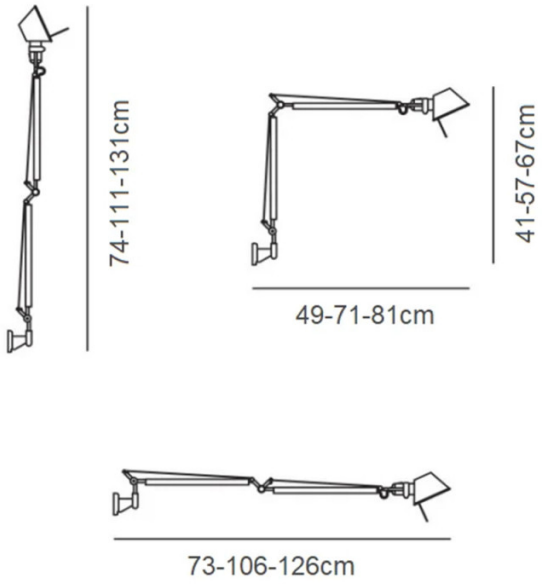

Artemide Tolomeo LED Wall Light

The Tolomeo LED Wall Light is part of the iconic Artemide **Tolomeo Collection**, designed by Michelle de Lucchi and Giancarlo Fassina. The instantly recognisable design boasts a clean and uncluttered silhouette that suits domestic and commercial spaces alike. The articulated arm, synonymous with the Tolomeo Collection, allows the lamp to be moved easily to suit any requirement.

Crafted from aluminium, the Tolomeo LED Wall Light is lightweight and robust. The stamped aluminium reflector ensures bright and uniform lighting from the LED light source. The adjustable arm allows users to direct light to create focused light to read by, or indirect lighting for a soft, ambient glow. Install at a bedside, beside an office desk, or in a living room for lighting that can be adapted to suit any mood. Available in three sizes, the Tolomeo LED Wall Light is suitable for a range of interiors.
