PRODUCT DESCRIPTION

Designer: Louis Weisdorf

Gubi Turbo Pendant Light

The Gubi Turbo Pendant Light, designed by Louis Weisdorf in 1965, exemplifies the best of Danish design. Inspired by the lightness of Japanese rice paper, Weisdorf transformed this traditional concept into a durable, sculptural pendant using twelve precisely arranged aluminium lamellae. The result is a cascading, petal-like globe that beautifully shields the light source, providing a gentle, diffused glow that enhances any interior.

Available in two sizes, the Turbo Pendant is as versatile as it is captivating. Its clean lines and organic form make it an ideal choice for a variety of spaces, from modern dining rooms to more traditional living areas. It also serves as a show-stopping feature when grouped in clusters, allowing for a dynamic and impactful visual statement.

Finished in an elegant Alabaster White with a glossy exterior and matte interior, the pendant adds warmth and texture to any space. Its ability to balance simplicity with structural complexity has made the Turbo Pendant an enduring design classic and a favourite among architects and design enthusiasts.

PRODUCT SPECIFICATION

Light Source:	**Small:** 1 x Max 10W E27 LED (Excluded) **Large:** 1 x Max 12W E27 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	**Small:** Shade: Ø36cm **Large:** Shade: Ø62cm Cable Length: 380cm (Approximately)
