PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Molla LED Wall Light

The Artemide Molla Wall Light is a minimalistic lighting solution which combines two light beams: a larger emission that provides functional illumination and a narrower emission for decorative illumination. This luminaire can be installed with the main beam pointed either downwards or upwards, according to the kind of lighting desired.

Available in either a white grey, or anthracite grey finish, the Artemide Molla LED Wall Light can adapt to a variety of interiors, whilst the IP65 rating also allows you to install it in bathrooms and exterior locations. Perfect for use in hallways, corridors, staircases, patios and driveways.
