PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Coral Cay Pendant

The Coral Cay Pendant is designed by renowned designer Arturo Alvarez. Alvarez references nature in his work while exploring simple, geometric forms. This aesthetic is reflected in The Coral Cay, which is inspired by the beauty of the Coral Reef. This pendant is created with SIMETECH®, the silicone and steel mesh created by Alvarez, which allows typically resistant steel to become malleable and creates a natural-looking finish in each piece.

The light from the Coral Cay is diffused by its unique shade, creating a warm glow that surrounds the pendant. It is perfect for adding ambient lighting in kitchens and living rooms and can be hung as an individual or as clusters with other pendants from **The Coral Collection.**

Also available in beige, grey, and taupe or as an LED version. Please contact us for further information.
