PRODUCT DESCRIPTION

Designer: Martín Azúa

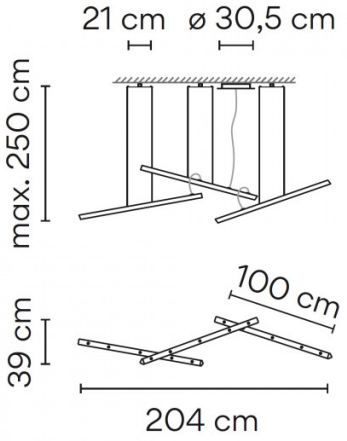

Vibia Halo 2341 Lineal Triple LED Suspension Light

Designer Martín Azúa reinterprets the traditional linear suspension with the Halo 2341 Lineal pendant. Comprised of three lampshades, this pendant light features a geometric design as the shades create a criss-cross pattern in mid-air.

The Halo Lineal 2341 pendant lamp is made from PMMA which illuminates when turned on, creating an effective glow which is also dimmable. The suspension light is best used as a feature or main light, being suitable for many spaces and useful when hung over tables. You can also match the pendant with other lights from the Vibia Halo collection to produce a magnificent light feature.
