PRODUCT DESCRIPTION

Designer: Martín Azúa

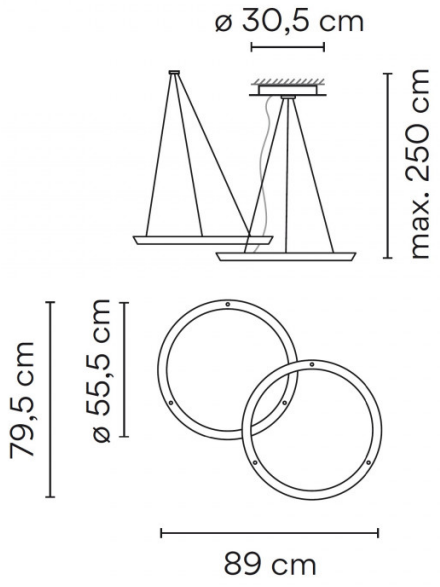

Vibia Halo 2231 Circular LED Suspension Light

A part of the Vibia Halo collection, the Halo 2331 circular suspension is a stylish and modern light, fitted with an integrated LED light source. The designer, Martín Azúa, skilfully creates an ethereal and divine glow as the LED source sits hidden in a ring, truly embodying the Halo moniker.

The Halo 2331 pendant lamp features two beautiful round lampshades that act to draw the eye and add a graceful aesthetic to any interior. The effective illumination of the pendant light makes it perfect for use as a main or central light in both small and big spaces. Use in office, homes, professional or hospitality settings for a unique and useful luminaire.
