Bell Lamp by Moooi

A reference to the earlier form of communication, the Bell creates a welcoming ring calling the people together for celebrations. The Bell Lamp was first created as part of Marcel Wanders's Personal Editions, but is now part of the Moooi collection. The Bell Lamp pendant is available with a blown glass shade in a smoke, transparent or solid white finish. The pendant is then completed with a ceramic bow at the top, in a choice of white or gold colour. The ceiling rose is matching the bow finish. When used with a dimmable light source, the Moooi Bell Lamp can be dimmed via mains phase dimming.
