Davide Groppi Moon 60 DE Suspension

Davide Groppi Moon 60 DE Suspension was designed by Davide Groppi in 2005. The Moon 60 DE Suspension was created as part of the **Moon Collection**, which was inspired by a dream of bringing the moon inside your own home. Each suspension shade has been hand-made with Japanese paper, which makes every pendant unique. A traditional style shade, but with an imaginative modern twist, Moon is made from rich Japanese paper shaped into soft curves which seamlessly blend elegance and playfulness.

Davide Groppi's Moon Suspension Light is 60cm in diameter, making this suspension perfect above dining tables or living room tables. Each Moon 60 DE Suspension comes with a transparent cable and a white ceiling rose. The dual emission within the structure allows for the globe to glow whilst also providing a downward directional light, perfect for displays.
