PRODUCT DESCRIPTION

Designer: Roberto Paoli

Modoluce Multiball Suspension

The Modoluce Multiball Suspension offers a playful and highly customisable lighting solution, featuring a series of opal globes in varying diameters. Each globe is crafted from PMMA and can be connected by a sleek metal structure, available in either black or white finishes. The design's flexibility allows the globes to be arranged at different heights, creating unique compositions tailored to your space.

This versatile lighting system can be grouped in clusters or arranged as individual pendants to create infinite configurations. Perfect for both residential and commercial environments, the Multiball Suspension introduces a touch of modern elegance and creative flair to dining areas, living rooms, reception spaces, and more.

With its innovative design, the Multiball Suspension invites you to experiment with light, creating a dynamic and ever-changing atmosphere.

Please note, custom configurations are available on request. Please contact us for more details and pricing.
