PRODUCT DESCRIPTION

Designer: Verner Panton

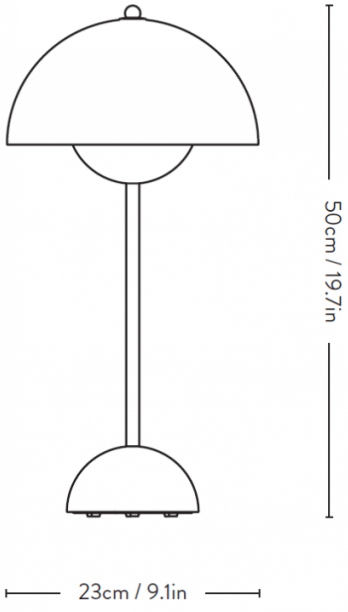

&Tradition Flowerpot VP3 Table Lamp

Designed in 1968, Verner Panton's Flowerpot is an enduring classic, designed to bring a playful personality to any environment. The clean lines of the VP3 Flowerpot Lamp create a striking, instantly recognisable silhouette. The shade is formed from two hemispherical shades, the lower shade half the size of the upper. A third hemisphere is used for the base, allowing the VP3 to stand freely on a desk, coffee table, or bedside.

Colour is at the heart of the Flowerpot VP3. Verner Panton infused colour into his designs to encourage people to make their surroundings more exciting. A choice of 17 bold finishes ensures that users can add a splash of colour to their homes. When illuminated, the VP3 creates a glare-free, diffused glow. This soft pool of light is perfect for creating a cosy and intimate atmosphere in a reading nook, living area, or bedroom. Display individually or with other pieces from the **Flowerpot Collection** for a vibrant composition that will add a lively energy to any setting.
