PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Foscarini Birdie LED Table Lamp

Designed by Ludovica and Roberto Palomba, this lamp is the LED and dimmable version of the Birdie table lamp. This light is a playful and whimsical creation from Foscarini, with a classic shape used for the shade matched with a contemporary stem and base that incorporates a branch-like feature. The LED light source is concealed by an inner diffuser and the lampshade, creating a warm glow that is long-lasting and energy-saving. The dimmer switch is integrated into the stylish branch that comes off from the stem, bringing a modern twist to an iconic silhouette.

The Birdie LED table lamp is available in 2 sizes and 3 colours, ranging from luxurious, sophisticated finishes to vibrant, vivid finishes making it suitable for many demographics and settings. Useful for lounges, dining areas, bedrooms and more, this light provides a wonderful ambience with a captivating design. Check out the rest of the Foscarini Birdie collection for more lights that have this unique aesthetic.
