E27 Pendant Light by Muuto

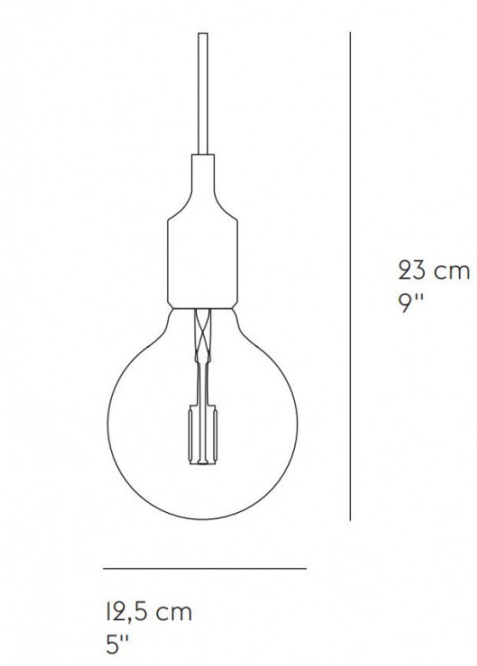

Romantic and contemporary, that is what Mattias Stahlbom envisioned for his pendant design, the Muuto E27 Pendant stands naked and the simplicity of this design is unprecedented. The pendant is a celebration of the beauty that can be found in simplicity, it is crafted from a glass bulb and a silicone rubber structure in a range of colourful finishes. The oversized bulb produces an unobstructed and even dispersion of light that is both functional but also cosy and inviting. Thanks to the vast array of finishes, the Muuto E27 can easily adapt to almost any modern interior and can be displayed individually or in larger clusters, it is ideal for residential and commercial interiors.

The standard cable length of the Muuto Unfold Pendant is 400cm, but can be extended if needed. Please contact us for more information and pricing.

Please Note: This product is supplied with a white ceiling canopy.
