Terzani Stream Wall Light

Designed by Christin Lava, the Terzani Stream Wall Light is an extravagant lighting solution, perfect for illuminating corridors. The structure consists of a nickel-plated frame that houses numerous metal changes - creating a creative diffuser and resulting in a functional but calming glow. Like Christian's other works for Terzani, Stream's design exploits the physical characteristics of the materials used to envelop a room in a unique immersive light. Thanks to

The Stream Wall Light harbours an impressive presence in any room and is a beautiful way to brighten up residential corridors, bedrooms and kitchens as well as commercial hotels, restaurants, bars and modern cafes. It can be displayed individually, in pairs for a bedside or in rows along longer walls.
